

HE CAME TO HIMSELF

EVANGELIST HABBICK NAMES SIN THE DEVIL'S ANESTHETIC

He came to himself. Luke 15-17. No one hearing the earnest appeal of the Rev. John D. Habbick at the Presbyterian church last evening can sit idly by and not put forth every effort in his power, under the guidance of the Holy Spirit, during the remainder of this campaign, to bring all whom he can influence to where they will hear the Gospel preached.

Rev. Habbick brought his message from the first clause of Lue 15-17: "And when he came to himself." The speaker said: "Now you think you are going to hear another sermon on the Prodigal Son, but I am not going to use it in that sense; I am going to speak on the hypnosis of sin, the power of sin to make a man lose control of his own actions, go away off and forget himself, not know what he has done while he has been gone but 'when he came to himself,' he said, etc.

Here is a man under an anesthetic; he does not know what has happened but now he is coming to himself, and there is a painful realization that his leg has been amputated.

Here is a poor fellow who has fallen from a building and is so stunned that he knows not what has happened until he comes to himself, at the hospital; then he realizes that his ribs are broken and he has suffered internal injuries.

Here is a man under the power of a hypnotist; he is made to believe he is an animal and he imitates them. He comes to himself; he knows not what has happened; he has been away from home. Nobody at home, while under the hypnotic spell.

The prodigal boy of our text was away from himself. He was under the devil's anesthetic; he was stunned by the devil; he was hypnotized by the evil one; he awoke; he came to himself; he realized what a fool he was and had been. 'He came to himself.' He had been abroad; he had not been at home, in any sense. Those interests which were really his highest, and which he should have felt to be his highest he had never for a moment set his thought upon. He was out of his mind. Listen to the Word of God on this deduction, 2 Cor. 4-4: 'But if our Gospel be hid it is hid to them that are lost; in whom the God of this world hath blinded the minds of them that believe not, lest the light of the glorious Gospel of Christ, who is the image of God, should shine in unto them.'

Sinners in and out of the church think they are having their own way; think they are exercising their own wisdom, when as a matter of fact they are beguiled and blinded by the devil. They are hypnotized; they are away from themselves. For this they are responsible, however, for Christ stands ready to protect; and it is through their disobedience that Satan can exercise this power. Take this thought, as to the church, and its attitude toward the unsaved. We have enough machinery to save souls, but we have not the power of the spirit, which is in demonstration, the love of God. We are blind as to the real need and, believe me, it is the greatest question of the church. We are beguiled by the devil on this issue. (Here the speaker, with his hand clutching the back of his neck, walked slowly across the platform, showing how completely man is dominated by Satan.)

This Bible, and the Holy Spirit working through it, is the means of arousing us from the spell of the devil; it is the means of awakening us; of bringing us back to God and service; real service, not mechanical service; not wordy service, but real, true, genuine service, which is winning souls for the kingdom. 'And when he came to himself he said: . . . I will arise and go to my father.' . . . May you be the one who leads him back."

It is planned to have a rousing rally for the Young People and Sunday School Friday evening and a great day in the courts of the Lord at all the services next Sabbath day. Come, and bring some unsaved soul with you, and thus receive a blessing and be a blessing to others.

(Special Service to Glendale Evening News)

PHILADELPHIA, Jan. 11.—Harry K. Thaw, sought for assault on a Long Beach boy, cut his throat in his apartments this afternoon. He also slashed his wrists and physicians who attended him say there are slight chances for his recovery. He was rushed to a hospital, where it was admitted that his injuries were serious, but the attendants would not state whether or not he had died.

The house was surrounded with officers seeking to arrest Thaw and he saw there was no escape. Just before he lost consciousness he asked to be taken to St. Mary's hospital, about four miles away. As there are several hospitals nearer to his apartments it is believed he hoped to die before reaching the hospital.

He said this was made clear to Germany and clearer still in the Allies' reply to Wilson's note.

AT STATE CAPITOL

FORTY-SECOND SESSION OF LEGISLATURE LOOKS LIKE BUSINESS

The forty-second session of the California Legislature looks like business. Nearly all of the 18 new members of the senate and the 48 in the assembly are approaching middle age, steady and conservative, and a great number having made a success of their own affairs may be depended upon with reasonable certainty to make a success of the affairs of state; men of a character that must know what is in a bill before answering yea or nay.

The organization for both houses was effected with little or no friction. A. H. Breed of Alameda County was chosen president pro tem of the senate; Clifton Brooks of Alameda County, Secretary, and Tom Brown of San Francisco Sergeant at Arms. The only contest was that for secretary between Brooks and J. Kavanagh of Vallejo, Brooks receiving 17 votes in the senate caucus and Kavanagh 16.

The assembly organized by re-electing C. C. Young speaker and Jas. J. Ryan of San Francisco speaker pro tem. Joe C. Burke of Orange County was named about the hotel lobby Saturday and Sunday as a candidate to oppose Ryan, but late Sunday afternoon Burke's friends found that his utmost strength was 32 votes and he withdrew in favor of Ryan. W. O. Boothby of Los Angeles was elected Chief Clerk of the assembly and Wm. Leflar of Sacramento, Sergeant at Arms.

A little confusion, not to say consternation, was created Sunday evening at 9 o'clock by the giving out to each member a copy of the following call which the member was supposed to sign before entering in the caucus Monday morning at 10:30.

I, _____, member of the Senate for its forty-second session, in-dorse heartily and unreservedly the wise, efficient and economical administration of California's government during the past six years, which, during that period has obliterated machine control in the government of California and raised our State to the first rank among the commonwealths of the Nation. Believing as I thoroughly do in the constructive, wise and humanitarian legislation enacted under that administration and during the past three sessions of the Legislature and realizing as I do that it is now our duty as legislators zealously to perfect, safeguard and conserve that legislation, I hereby agree to meet in conference in the Senate Judiciary Committee room 107 at 10 a. m. Monday, January 8, with others of like mind, for the purpose of considering matters pertaining to the organization of the Senate (or Assembly).

Some of the old standpatters and a number of the democrats refused to sign this call and remained away from the caucus, but the call was signed by 61 assemblymen and 28 senators. Some of these signed with mental reservations but waived them under the argument "what's the use, let's get together." Among those refusing to sign the call was W. A. Doran of San Marcos, San Diego County, who issued a written statement in which he declared himself as opposed to returning home "wearing a collar and chain at his ankle."

In the 1913 session there were about 4000 bills and resolutions introduced; in the 1915 session the number was approximately 3000, and this session there is an apparent intention, if possible, to keep the number of measures at a minimum. This is probably a wise determination from the fact that there will be a number of highly important measures introduced. These have to do with reclamation, irrigation, taxation and industrial problems which will probably require thorough study and investigation and extended debate.

There is a common rumor also to the effect that requests for appropriations for state institutes and commissions will be many and increased in amounts. In this connection no one will envy the members of the committee on Ways and Means, of which it is generally conceded H. W. Wright will again be chairman with possibly W. F. Chandler of Fresno, chairman of the senate committee on Finance.

The Governor's printed message, comprising 51 pages, was read to both houses Tuesday. It consisted largely of a review of the legislature during his administrations with few or no recommendations or suggestions, presumably leaving that for his successor at the second session. In this connection the rumor seems to be general that Governor Johnson

CHURCH RECEPTION

OFFICIAL BOARD OF FIRST M. E. CHURCH ENTERTAINS NEW MEMBERS

One of the occasions long to be remembered by the First Methodist church was the reception given to the new members last night. The affair was given at the close of the mid-week service, and was tendered by the members of the Official Board and their wives, the Rev. and Mrs. B. D. Snudden, to all those who have joined the church since Mr. Snudden became pastor of the church.

The auditorium and Epworth League room had been tastefully decorated for the occasion. At the close of the prayer service the new members were invited into the League room where each received a red carnation as the badge of recognition. After this the doors separating the League room from the auditorium were thrown open and all proceeded to greet the new members.

The program for the evening was somewhat informal and yet profitable. There were short greetings from F. W. Watson, Bible School Superintendent, Mrs. Henry Johnston, president of the Women's Foreign Missionary Society, Mrs. R. Lacey, president Ladies' Aid, Mrs. Spickerman, president Women's Home Missionary Society, and Professor A. W. Tower, president Board of Trustees. Vocal solos were rendered by Mrs. William Peart and Dr. Ralph Lusby, who delighted the large audience with their selections and audiences with their selections and encores. Mr. Richard Berry, one of Glendale's promising young musicians, gave two delightful piano solos. On behalf of the new members Mr. W. D. Harkness made an appropriate and enthusiastic speech. Light refreshments were served and a period of social fellowship enjoyed.

NEW THOUGHT CENTER

The New Thought Center has moved its headquarters from Butler's hall to Masonic Temple, holding its first meeting in the new headquarters last Sunday, and the Sunday school and Bible classes holding their regular services there. Dr. Frank Riley of Hollywood preached a sermon on the subject of "Baptism," and Mrs. Adeline Becker of Los Angeles and Prof. Edward Jerome of Cincinnati, Ohio, brought words of greetings and congratulations to the congregation. Mrs. J. J. Freeman sang two beautiful sacred solos. The statement of principles as given by the New Thought Center is as follows: "Our God is love—eminent in mind and matter. Our church is the world. Our prayer is kind thinking and right living. Our Sabbath is every day in the week. Our emblem is a smile. Our religion is to do good. Our bond of fellowship is charity. Our belief is heaven for all mankind."

DINNER PARTY

Mr. and Mrs. Geo. H. Robinson of 446 South Jackson street, entertained at a very charming dinner party Wednesday evening in honor of Mr. and Mrs. James Davis of 301 Orange street, whose wooden wedding anniversary it was. Mr. Davis is the director of the Vogue Film Company. A very pretty color scheme of orange and lavender was carried out in the table decorations. Covers were laid for Mr. and Mrs. James Davis, Mr. and Mrs. Percy Pembrock, Mrs. Johanson, Mrs. R. Pratt, Mrs. T. C. Bodge, Master James Davis, Glen Gano, and Mr. and Mrs. Geo. H. Robinson. The remainder of the evening was happily spent in singing and dancing, and Mr. and Mrs. Davis received many appropriate gifts along with the hearty congratulations of those present.

will resign on or about February 15th.

Governor Stephens presided at the opening session of the senate and created a very favorable impression not only by his personal appearance but by the ease with which he conducted proceedings. He is a very approachable man, anyone finding ready access to his office; in fact with as much ease as one may enter the office of a subordinate clerk.

There has been considerable readjustment of committees. The sessions so far have been short, confined to the work of primary and permanent organization and the introduction and adoption of the customary resolutions providing for contingent expenses, etc. It is probable that the introduction of bills will not begin until the first of the week.

GLENDALE, CALIFORNIA, THURSDAY, JANUARY 11, 1917

PURELY A GAME OF CHANCE

The man who bids on a job of irregular work, whether it be building, excavating, or printing, is engaging in a game of chance so far as being able to state a price for the work that is sure to be fair to himself and to the patron. Approximate estimates of cost are in keeping with safe methods of business, but exact prices on irregular jobs of work can not be accurately fixed until the work has been completed and time and material have been figured into a job.

There is a law in many states against the use of wheels of fortune whereby a wheel is revolved and if a selected number on the rim of the wheel is opposite a fixed point when the wheel stops, a prize is won. Shaking dice and selling chances on articles of merchandise come under the head of gambling in most states, and persons engaging in these games of chance are liable to heavy fines.

For several men to submit bids for the doing of a piece of irregular work is gambling. The man submitting the bid is apt to overcharge, or he is apt to undercharge. It has been true that on \$25,000 contracts the difference in bids has been as great as \$5000. On \$500 bids the difference has been \$100. Chance work—that is all. Gambling, if you please to call it that. Honest dealers and honest workmen will eventually cause the giving of prices on irregular work to go out of existence.

WATER PROBLEM A BIG ONE

When the 42nd session of the California legislature met Monday it was prepared to tackle the water problem as one of the biggest pieces of legislation to come before it. First steps toward harnessing California's water resources were taken at the 1915 session when a water problems' conference started an investigation. The 1917 legislature hopes to embody the results of the investigation into concrete results.

Governor Johnson considers this probably the biggest matter to come before the legislature.

Thousands of acres in California are lying undeveloped and uncultivated because of lack of irrigation. The conference recommends that the state "not now being in a position to carry out the work as a state movement, should so define her policies and frame the legislation necessary to carry the development of these resources into effect as to secure the largest amount of active co-operation on the part of private capital and interested landowners, under conditions which will properly safeguard state interest."

In line with this same idea of developing the state's agricultural lands will come the report of the state tax commission with a recommendation for an unearned increment tax by which large landholdings held for speculation would be broken up.

A land colonization law to go hand in hand with the federal rural credits system by helping farmers get buildings and equipment for their farms is also on the legislative calendar.

TUJUNGA

The McGroarty family is expected home the last of the week. This compels Mr. and Mrs. C. E. Jones to give up the house and seek quarters elsewhere. They will occupy Mr. and Mrs. Thayer's pleasant cottage on the corner of Los Angeles street and Monte Vista boulevard during the absence of the Thayers.

Mr. and Mrs. Simon Haverstick of North San Ysidro road have rented their comfortable home to Miss Smellie for a year. Mr. and Mrs. Haverstick expect to go to Fillmore, Ventura county, where Mr. Haverstick will help in some construction work under the supervision of Dr. Buck.

Miss Ella Roberts, who has been spending the past several months in Tujunga has, very much to the regret of herself and her friends, felt impelled to make a change. For a short time she will probably be in Los Angeles and from there she expects to go to San Diego, but before leaving Southern California will endeavor to come back to Tujunga for a short visit.

Mr. and Mrs. Fred Johnson of North Pine street expect to spend the winter in Pasadena.

Mr. and Mrs. Charles Thayer of Los Angeles street and Monte Vista boulevard leave in a short time for Fillmore, Ventura county, where they will remain for some time.

The Stark cottage has been rented by Mrs. Leslie's son-in-law and wife, who are from Seattle. They are relatives of Mrs. A. H. Hubbard of Stephen's Way.

Mr. W. R. Mehard of the Cumberland apartments was in Tujunga last Monday, assisting Mr. L. L. Lang to inventory the lumber stock of the Blanchard Lumber Company.

The French class had an interesting session at the home of Mrs. Carl Woodrow last Tuesday morning. The class meets on Saturday at the school house, and on Tuesday at the home of some member.

Not a Fish but a Duck Story
This is a true duck story and is vouched for by the owner of the duck, Mrs. B. Zachau, and her friend, Mrs. Clara Noyes of Pasadena. A little fuzzy Indian Runner duck waddled out of its shell on the 23d of last May. In October it mated with a Green Mallard and began laying October 9th and laid an egg every day till November 27th, then made a nest by a spring near a tree and

during the recent heavy rain hatched out eight wonderful ducks which are all alive and very lively at this date. Mrs. Zachau says on one or two days this duck laid two eggs. This seems a wonderful record for a six months old duck.

A family from Glendale has rented the Greff house, situated on the Blanchard Canyon road.

Mr. P. H. Johnson, secretary of the F. H. V. F., was in Tujunga Monday night to confer with the president, Mr. Fred M. Ashby, concerning the opening of the bridge over the Arroyo Seco. It was thought that a committee should be appointed to consult with the proper authorities concerning this important matter.

Some unknown party owning property in this place is thinking of building a dwelling and has been conferring with certain ones with reference to bids on the building. A number of our local men are perfectly capable of executing the job.

Miss Gilbert is making a great improvement on her house by having the east porch enclosed and a number of windows added, thus changing it into a cozy sun parlor.

Board of Trade
The next monthly meeting of the Board of Trade occurs next Monday evening at 7:30 o'clock. The public as well as every member of the Board is cordially urged to be present.

Miss Stella Wieman is absent from home for the present, attending to her professional duties as nurse.

Mrs. Shiras, who has been on the sick list for about two weeks, is improving slowly.

Mr. and Mrs. Darlington of Stephen's Way are recovering from a siege of grip and other ailments. Mr. Darlington was able to appear at town meeting Tuesday evening.

Mr. Wieman's aged father, who makes his home here, is growing very feeble. The old gentleman is in his ninety-seventh year.

Friday Morning Round Table
The Round Table held its first meeting since the holidays last Friday morning at the home of Mrs. Woodruff on El Centro avenue. Owing to sickness and other causes, there was not a very full attendance. Nevertheless, those present report a very enjoyable and profitable meeting. The meetings will be at the home of Mrs. Woodruff till further notice.

LA CRESCENTA ITEMS

Mr. Joe Thompson is making a short visit with his mother, Mrs. Thompson, at the home of his sister and brother-in-law, Mr. and Mrs. R. E. Haines, on New York avenue.

Mr. J. S. Irwin has been "laid up" the past week with a bad case of la grippe.

Mr. and Mrs. Miller entertained as their guest this week, Mr. Zuck of Erie, Pa. As Mr. and Mrs. Miller formerly lived in Erie, they were interested to know of the many things that Mr. Zuck could tell them about the city.

Mr. and Mrs. Harvey Bissell have returned home after a very enjoyable trip east, where they visited many old friends. Although they had a very enjoyable and interest-

ing time, they expressed a sense of pleasure at returning to La Crescenta again.

It is rumored that Mr. Bissell will place the running of motion pictures in operation at the Auditorium in a short time.

Miss Brown and Mrs. Janvier are spending a few days at their artistic country home in La Crescenta.

Mr. and Mrs. Howard Reynolds are having an additional room built onto the front of their cottage as a sitting room. The room will add a great deal to the appearance of the place. The work is being done by our trusty carpenter, Mr. Wise.

Mr. and Mrs. W. E. Guthrie of Los Angeles were Saturday and Sunday guests at the Irwin place. Mr. W. E. Guthrie is a cousin of Mrs. Irwin.

EDUCATION IN KENTUCKY

You can teach an old dog new
tricks was the contention sustained
by Mrs. Cora W. Stewart, one of
Kentucky's prominent educators, in
addressing the annual convention of
the Los Angeles Institute recently.
In other words, because a man or a
woman is illiterate, furnishes no rea-
son why he should remain so. Mrs.
Stewart is credited with having been
largely instrumental in changing the
illiteracy record of Kentucky from
probably the highest rating among
the states, where it stood 10 years
ago, to its present rating among the
lowest. This has been done by sub-
stituting the moonlight school for
the moonlight still. Fathers and
mothers and children flock to the
night schools eager for the elemen-
tary learning which has heretofore
been denied.

"The average American is men-
tally alert," said Mrs. Stewart.
"All he needs is a little opportunity,
a little encouragement and the intel-
lectuality that is native in him will
flower."

THINKERS

Among eminent persons, those who are most dear to men are not of the class which the economist calls producers; they have nothing in their hands; they have not cultivated corn, nor made bread; they have not led out a colony, nor invented a loom. A higher class, in the estimation and love of this city-building market-going race of mankind, are the poets, who, from the intellectual kingdom, feed the thought and imagination with ideas and pictures which raise men out of the world of corn and money, and console them for the shortcomings of the day and the meanness of labor and traffic. Then, also, the philosopher has his value, who flatters the intellect of this laborer by engaging him with subtleties which instruct him in new faculties. Others may build cities; he is to understand them and keep them in awe. But there is a class who lead us into another region—the world of morals or of will. What is singular about this region of thought is its claim. Wherever the sentiment of right comes in, it takes precedence of everything else. For other things, I make poetry of them; but the moral sentiment makes poetry of me.—Emerson.

Personals

Kenneth White, who has been ill in bed at the home of his parents, Mr. and Mrs. John Robert White, 101 Orange street, is slowly improving, although still confined to his bed.

Mrs. Harry Parker of 411 North Kenwood street entertained at luncheon to-day Mrs. Charles G. Forbush and Mrs. Fred Grundy of Los Angeles and Mrs. Edward M. Lynch of Glendale.

Among the newcomers to this city are C. Christie and family, who recently arrived here and are located at 1744 West Broadway. They came from Los Angeles, where they have resided for the past five years.

Mrs. Anna H. Funk of Pomona, district deputy grand matron of the Order of Eastern Star, is the house guest of Mrs. A. M. Beamon, worthy matron of Glen Eyrie Chapter, Mrs. Funk having come to pay her official visit to that chapter at its regular meeting to-night.

Glen Eyrie Chapter, O. E. S., held a practice meeting this afternoon at Masonic Temple under the supervision of District Deputy Grand Matron Anna H. Funk, who also makes her official visit to the chapter to-night. A full attendance of members is desired on this occasion.

L. D. Webster and family, who recently came from Chicago, have leased the Sloan property on Myrtle street and are well pleased with Glendale. Mr. Webster is interested in an automobile appliance and hopes to organize a company to place it on the market.

Frank Andrews of Topeka, Kansas, who has been visiting his sister, Mrs. Joseph Moode of 1541 Vine street, returned to his home yesterday. Mr. Andrews has extensive ranch interests in Colorado and reports business in Colorado and also in Kansas exceptionally good.

J. C. Smell has returned to his home on Raleigh street from a trip to Phoenix and Prescott, Arizona, where he went as a representative of the Baskerville Audit Company of Los Angeles. While in Arizona Mr. Smell visited the largest copper mine in the world and brought home with him some interesting specimens of ore.

The Rector's Guild of St. Mark's Episcopal church met at the home of Mrs. LeRoy W. Bosserman, 814 South Central avenue, on Monday afternoon. A few new members were received and a very active interest is being taken in the work of the guild. There was some reorganization work accomplished in the various guilds of the church at this meeting. Mrs. H. F. Speck was appointed choir mother and an altar guild was formed with Mrs. E. L. Young as chairman. The next regular meeting of the Guild will be held at the home of Mrs. W. E. Hewitt, 728 North Louise street.

The popularity of a well-known local institution, the Glendale Sanitarium, is being shown by the splendid patronage now being afforded it. For some weeks past all departments, especially the surgical, X-ray and hydrotherapy departments, have been working at high pressure; so much so, that the institution has been completely filled for weeks. The following is a list of recent arrivals: Mr. and Mrs. C. H. Morrill, Mrs. A. A. Schofield, Mrs. S. E. Sternberg, E. B. King, J. H. Morris, Mrs. E. P. Hepner, Miss Mary Gilchrist, all of Los Angeles; the Misses Lillie C. and Alice Winaas of Center Point, Iowa, Mrs. V. A. Taylor of Alhambra, Mrs. J. A. Parsons of San Jose, Mrs. Wm. Walker of Burbank, Mrs. Delia Reeves of Casa Verdugo, and Charles Romaine of Hollywood also registered as patients. Mr. and Mrs. A. W. Lennard of File, Idaho, are also at the sanitarium.

According to John B. Elliott, collector of customs, imports for the month of December amounted to \$985,560 and exports \$529,924, both of which were considerable increases over the preceding year.

Mrs. C. E. Beckett of Los Angeles was the luncheon guest of Mrs. J. P. Hilbert of 1519 Vine street Wednesday.

The parliamentary class of the Parent-Teacher Federation will meet Monday at 1:45 o'clock at the intermediate school, just before the regular meeting of the Federation.

All members of Circle Five of the Temple Baptist Church residing in Glendale are requested to attend a luncheon to-morrow, Friday, at 10 o'clock at Temple church, Los Angeles. This is the annual dinner of Circle Five. Mrs. F. D. Burks is chairman. Glendale members are urged to attend and assist in this annual event.

Mrs. Archie Parker of 311 South Louise street entertained three former Iowa friends, all of whom now reside in Los Angeles, at luncheon on Wednesday. Mrs. Parker and her guests were all former residents of central Iowa, and the remembrance of old associations added to the pleasure of the hours spent together on Wednesday. The guests were Mrs. Minnie Rhoades, Mrs. Fred Pruym and Mrs. Elizabeth Carmean.

MUTUAL BENEFIT CIRCLE

The Mutual Benefit Reading Circle held its regular meeting at the home of Mrs. Chas. H. Toll, 1635 Kenneth road, Wednesday, the chapters read and discussed being Child Training and The Adolescent Boy. In the interesting discussion the fact was emphasized that while the question of the adolescent boy as generally handled by educators and speakers on the subject, caused the average mother to approach that period with terror, it should not be so if all mothers would approach it with sympathy and understanding of conditions at that time. It being a subject for study rather than fear. A great many helps and valuable suggestions are received by the mothers at these meetings, as the experience and practice of the members find expression along with the book theories. About twenty-three were present at this meeting, the visitors present being Mrs. Becker of Los Angeles, Mrs. Hilbert, Mrs. Roach, Mrs. Les, Mr. Hilbert, Mrs. Roach, Mrs. Warner and Mrs. Burton of Glendale.

10-20-30

Well, folks! Here's some real news! The most interesting in its line of the year!

The big program under way for the Alumni Vaudeville is to be presented to the people at regular moving picture prices, 10-20-30 cents. Not only that, but there are to be two shows, probably at 6:45 and 8:45.

At that rate it is believed that the Scholarship Fund of the Association will receive a substantial boost. And attention. You don't have to "dyke up in the Sunday duds." Regular moving picture attire will be in vogue.

The executive board had decided to give only one show at straight theatrical prices, but they thought the people would enjoy the same program much more if given in the spirit of fun, excitement and informality of a "2-show, 10-20-30 affair."

Let's all join in and enjoy the fun.

The Long Beach Transportation Company, an organization made up of jitney bus drivers and owners, has secured an exclusive franchise from the city of Long Beach to operate on Atlantic avenue and Long Beach, extending over a period of ten years. The franchise was sold for \$6600 and is believed to be the first jitney bus franchise to be granted by any municipality in the United States.

HOLDING THE FIELD

It is nothing for a man to hold up his head in a calm, but to maintain his post when all others have quitted their ground, and there to stand upright where other men are beaten down—that is divine and praiseworthy.—Seneca.

"William, the Conqueror," read the small boy from his history, "landed in England in 1066 A. D." "What does A. D. stand for?" inquired the teacher.

The small boy pondered. "I don't exactly know," he said. "Maybe it's after dark."

GLENDALE UNIVERSITY

EXTENSION COURSE FROM THE UNIVERSITY OF SOUTHERN CALIFORNIA

Glendale has been put on the list of Southern California towns which are making a decided advance in matters of higher education. The University of Southern California has granted Glendale an extension course in Contemporary European History, giving two university credits. An hour and half lecture is given one afternoon per week.

The course includes a review of the last century of European history to explain the causes of the Great War, the revolutionary movements of 1830 and 1848, development of Nationalism, work of Cavour and Bismark, growth of militarism and its influence upon the nations, growth of Democracy and Socialism, international congresses and alliances, rivalries on the Near Eastern Question and in the colonial field, the International Peace Movement, the Papacy, the scientific movement and its results, and various other topics connected with the present status of European countries.

The lecturer is Frank J. Klingberg, Ph.D., of Yale University and the Bureau of Census. He has given this course of lectures several times for the Carnegie Endowment for International Peace. Dr. Klingberg is an entertaining and forceful speaker. His lectures are enlivened by a genial humor and his opinions are the result of much research weighed in the balance of good common sense.

The lectures are given at the Third street school. Any one wishing to secure further particulars or to take the course, either as an auditor or for University credit, should call up Miss Carrie Noble during the day at Third Street School S. S. Glendale 593. Adv.

TUJUNGA

Mrs. Lora Free passed away at the Glendale Sanitarium Thursday morning January 4, 1917, after an operation for a serious ailment with which she had been afflicted for a long time. She leaves her husband and one daughter, Mrs. Mabel Free Dean. One son, Mr. Earl Free, preceded his mother in death several years ago. Mrs. Free has lived with her family at this place and at Pomona for about five years, coming from Long Beach to this place. Their home was formerly in Minneapolis. Interment occurred Friday afternoon of last week at Tropic.

Mr. Hans Goetzke, nephew of Dr. Zachau, who has been making his home at the Zachau ranch for the past five months, has returned to Coarse Gold, Madeira county, where he has been advanced from the former position held by him to one of greater responsibility. While here Mr. Goetzke had a most enjoyable visit with his relatives and is very favorably impressed with this valley.

Mr. L. C. Vogt, an artist from Cincinnati, Ohio, has rented the Norton home on North Pine street, and will be here for some time. Mr. Vogt was educated at Ohio Wesleyan University and pursued his studies in art at the Cincinnati Art Academy. He has traveled considerably abroad and while in Cairo, Egypt, secured a number of studies of street scenes of that interesting city which formed the basis of five pictures which were exhibited at the recent Panama Exposition held at San Francisco. Mr. Vogt expects a friend, Mr. James Casey of Arizona, on a visit very shortly. He is thinking seriously of purchasing property and making Tujunga his permanent home. Mr. Vogt is also a new subscriber to the Tri-City Progress.

BIG BATTLE RAGES AT ALHAMBRA

BLOODY ENGAGEMENT GRAPH-
ICALLY DESCRIBED BY COR-
RESPONDENT EYE WITNESS

(Exclusive Night Wire)
ALHAMBRA, Jan. 6.—The war
office this morning issued the fol-
lowing bulletin:

A terrific offensive was started by
the enemy at about 8 o'clock last
night in the vicinity of the gymna-
sium. Our entire line was stormed
violently by Glendale gunmen fol-
lowing a continued artillery duel by
their 96 centimeter bass drum bat-
talion and heavy cornet fire.

Our first line of rooters, taken by
complete surprise, was forced to re-
tire, but after severe hand to hand
fighting the first B. B. regiment was
successful in ejecting the enemy at
every point with sanguinary losses.

(By Special Correspondent)

ALHAMBRA, Jan. 6.—Yesterday
I witnessed the first great drive of
the year. The engagement started
south of (deleted by censor), com-
manded by Field Marshal Wight, and
the enemy's (deleted by censor) bat-
tery, the pick of Alhambra. Increas-
ing in violence, the battle raged until
the end of the first half, at which
time the advantage was held by our
troops. The score stood 9-11.

After a slight lull, in which our
artillery, commanded by Gen. Dodge,
kept up an incessant fire, the battle
was resumed. The odds in number
of pounds were with the enemy, but
the rapid work of (deleted by censor)
and (deleted by censor) held
the enemy in check.

At about (deleted by censor) our
right and left wings and middle col-
umn slightly weakened in the face
of the vastly superior forces of the
enemy. Our troops evacuated the
(deleted by censor) in good order.
At this point the battle was halted
by the close of the second half. The
score was 22-25, favoring Alhambra.

The battle will be resumed at a
different point next Saturday.

WANTED

ACTORS FOR THE SCHOOL
VODEVIL.

The Vodevil last year was a great
success. This year it will be, too,
with your support.

The school depends largely on this
annual show to make ends meet. Are
you willing to do your share?

Glendale High has established a
reputation in the standard of its pub-
lic productions. The people have
learned that they get their money's
worth when they buy tickets for our
performances.

Let's keep that standard high.
Let's offer the vodevil committee so
many stunts it will have a hard time
choosing between them.

GET TO WORK ON YOUR STUNT.

The committee in charge is: Leh-
man Crandall, Wm. Rees, Walter
Beach, Mildred Wight, Helen Har-
den, Katherine Coates.

IN THE LEAD

The Explosion is the acknowledged
leader. No competitor has facilities
for news gathering that compare
with the splendid service at the com-
mand of this newspaper.

"First With the Best" is the motto
of The Explosion. The Untroo News
Service furnishes The Explosion ex-
clusively. This, together with the
Agony Press Association and the
One Horse News Syndicate of Trop-
ico, insures to Explosion readers the
best to be had.

Our war correspondents have
gained fame for their thrilling and
dependable narratives of the world's
greatest battles.

CAUSE FOR ANXIETY

It has been reported that Berna
Martin has been engaging in the dan-
gerous practice of holding hands in
the hall near room 9. The girls
mentioned in this connection are
Esther Schremp and Evangeline
Hunchberger. Berna has always been
easy prey for the vampire, and his
friends are very much concerned
over his butterfly tendencies.

TO TELL OF HIS YUKON TRAVELS

DR. LABADIE TO SPEAK ON THE
SPELL OF THE YUKON

Those who heard Dr. Wirt's lec-
ture on the war will be sorely
tempted to invest ten cents to-mor-
row on "The Spell of the Yukon," a
series of readings and "songs of a
sour dough" by Dr. Francis Labadie.
Dr. Labadie comes highly recom-
mended. He is a 150-dollar man
on the Chautauqua course, and this
alone would be assurance of a high-
class program. If his talk is worth
a cent it is worth a dollar. He has
charmed audiences all over the coun-
try, having made for himself an en-
viable reputation.

Not only has Dr. Labadie the abil-
ity to captivate his audiences, but he
has something to talk about. Who
does not enjoy an Alaskan story?
Dr. Labadie has an Alaskan story to
tell based upon personal experience.
His wide experience in the northland
particularly fits him to interpret the
poems, stories, songs and ballads of
the Yukon.

The school has been very fortu-
nate in securing so noted a man to
come before us, but even more fortu-
nate in being able to reduce the
price of admission to ten cents.

AT GLENDALE HIGH

It pays to advertise.
Glendale High School has evi-
dently come to realize this fact. An
exhibit is being planned which will
give Eagle Rock an idea of some of
the wonders being accomplished at
the school.

It is said that they who do the
most work say the least about it.
The school has always been an ex-
ample of this statement. Those who
did not take the trouble to visit
this institution have been allowed to
remain ignorant of its many accom-
plishments.

But now it is preparing to show
a few people what it has been doing
in the various practical departments.
The handsome creations of Miss
Muller's corps of artists, the handi-
work of the sewing classes, the
goodies from the cooking rooms, and
the marvelous mechanical master-
pieces of the boys of the machine
shop will all be set down before the
eyes of the people of Eagle Rock in
a regular exhibit. The display will
be held in the Woman's Club build-
ing, and will be well worth going
to see.

Considerable interest is being
taken by the students of the high
school in the Alumni Vodevil to be
given January 18. The Alumni As-
sociation is such a close relative
of the high school that the interest
of one for the other is nothing more
than natural. Students look upon
the alumni as big brothers, while the
alumni, with few exceptions, have a
very, very warm spot in their hearts
for their old school.

So when the Alumni conceive a
self-sacrificing plan to assist bat-
tling students in their attempt to
gain an education, it is only natural
that the high school should lend a
hand. The money raised by the
Alumni will be used to enlarge the
Students' Loan Fund, which is used
to "grubstake" worthy college stu-
dents.

May they meet with success in
their venture.

Miss Aileen Preeman, '17, is con-
fined with a severe case of tonsillitis.
It is hoped that this popular young
lady may soon be back in school.

It was announced yesterday that
The Explosion is to greatly enlarged
in the next issue. To-morrow's edi-
tion will be twice the size of the in-
itial number and will contain a num-
ber of new features.

ALUMNI NOTES

Alfred Knight, '14, was the host
at a dinner party given at his home
on East Second street to several of
his friends. Winthrop Jackson, Gay-
land Gould, Hill McGillis, John Mc-
Coy, Don Packer and Jim Henry Ilse
were the guests.

Rebecca Gregg, '16, visited the
High School Friday. She is spend-
ing her Christmas vacation at her
home in Glendale. She says Berk-
eley is the greatest ever.

The Alumni Association are work-
ing hard on the Vaudeville that is
to be given January 18, 1917. They
are putting the money to good use
and we know anything done by the
Alumni Association is always done
well. They should be supported by
every member of G. U. H. S.

HOW TO DEVELOP YOUR MUS-
CLES, OR WHY NOT

By C. T. West

You should always awake with
the first streaks of dawn and the
very first thing to do is to run
around the block. If the block is
very long you need only go half way
around. On arriving at your home
you should drink two spoonfuls of
water and a cracker to settle your
nerves for ten minutes study of his-
tory. This will serve to give you an
appetite for breakfast, which should
consist of raw oysters and corn
flakes. You should then go back to
sleep for at least half an hour. Then
by means of a stop-watch ascertain
the speed by which you attain your
clothing (try to increase the speed
each morning). It should now be
about seven o'clock and you should
try a few of these on your organ:
With your right hand firmly grasp
your left foot and with your right
foot your left hand. Then with a
quick movement move your head
from north to south and vice versa.
After you become proficient in this,
take hold of your upper teeth with
your right hand and by encircling
your back with your left hand clasp
your right elbow and push down with
all your might and main. These lead
up to this one: Take a comfortable
position in a chair and then cross
your heart, fingers, arms and legs;
then walk across the room. A few
months of this treatment will make
you able to out talk a victrola and
out fit an expedition.
(And thus they cause us to suffer
—Ed.)

STUDENT BODY REPRESENTA-
TIVES MEETING

The Student Body Representatives
held a meeting in Room 9 on Mon-
day afternoon. Mr. Scheuner pre-
sided. Over half of the representa-
tives were present. Ed Seay intro-
duced an appropriation for \$15 for
hurdles, which was passed. The
chairman was empowered to appoint
a committee of five to rewrite our
constitution, which is lost; also to
appoint a committee of three to find
the Senate. It was voted to hold
regular meetings every Monday af-
ter school. Any representative ab-
sent from three consecutive meetings
will be automatically expelled. A
roll call will be taken at every ses-
sion and in that manner we can keep
tab on every member. All represent-
atives will please take notice.

NOTIS!

Kindly write up your items of hu-
mor and hand them in, instead of
coming around and reciting them
orally to the editor. He does not
carry a dictagraph and a corps of
stenographers around with him. Be-
sides, that is your job.

You see things happen every day
that would make good news. If you
want to help make The Explosion a
success, be kind enough to write
them up neatly and in good form.
If we have to rewrite every little
item you hand in we can't spend the
time writing additional material or
doing other things that are neces-
sary to a good news-sheet.

The success or failure of this en-
terprise depends entirely upon
whether you do your share in get-
ting in material. Something has
added a lot of pep to G. U. H. S.; if
you think The Explosion is responsi-
ble for some of it, it's up to you to
boost the paper. The way to boost
the paper is to get in your copy
promptly, and get it in ready to
print.

SERIES OF FACULTY ARTICLES
TO BEGIN NEXT WEEK

Beginning next week, a series of
articles by members of the school
faculty will be conducted in the col-
umns of this paper.

It was intended to start the new
feature with this issue, but it was
found necessary to postpone the first
article.

THE CALENDAR

It is the purpose of the Calendar
to mention every event of interest
to the student, from examinations
and representative meetings to class
dances and school shows. Every
team, class and club should have a
press agent. If you are overlooked
don't blame us.

Walter Hawkins and Herbert
Scheuner attended the performance
at the Regal Theatre on Sunday
evening.

DRAMATICS

Miss Dorothy Hunt and Miss Mar-
guerite Hauber were asked to con-
tribute to the program that was
given at the Hollenbeck Home Thurs-
day evening. They gave two origi-
nal pantomimes which were enjoyed
immensely by the inmates of the
Home.

Miss Terry has selected her cast
for one of the leading numbers in
the coming vaudeville show. It is to
be a comedy and will certainly be a
success with such noted players as
Catherine Phillips, Katherine Ren-
shaw, Emerson Padelford, Don Phil-
lips, Florence Kenworthy and Har-
old Venske.

THE POOR SCRUBS!

By Marjorie Nye
There's a bunch of little Scrubs
Has come to our school to stay,
A few of 'em has come to work,
But most of 'em to play.
An' won't they be surprised, tho?
Most probably they'll weep
When they learn about the rules and
things

Like that we have to keep.
But they have the lofty Sophomores
To show how things is done;
They pick on every Scrubbie,
And never miss a one.
"Why, Scrubbies dear, you need not
fear.

With Juniors all about,
It's the Seniors that'll get you
Ef you don't watch out!"

Why, once there was a little scrub
Who'd always laugh and grin,
And make fun of Seniors,
And that's an awful sin.
But once right in assembly,
When the faculty was there,
He mocked the Senior president
And said he didn't care.

And just as he kicked his heels,
And turned to run outside,
Two high and mighty Seniors
Were standing by his side.
They snatched him out the door
'Fore he knewed what he's about,
For the Seniors'll get you
Ef you don't watch out!

Everyone at our school knows
That when the air is blue,
The Seniors are on a rampage
And they'd better all skiddoo.
You hear a noise! It sounds just like
Fierce animals at bay,
And all this noise is just because
They didn't get their way.

You better mind the Seniors,
And escape all this, my dear,
It will save you weary heartaches,
— And many a salty tear.
Just have a care, my Scrubbie,
And mind what you're about,
Er the Seniors'll get you
Ef you don't watch out.

DANGER!

While loitering about the halls the
other morning we noticed something
which prompted the writing of this
paragraph. A young lady was stand-
ing at her locker when a friend
dashed up, embraced her, and oscu-
lated her right there in the hall.
This perilous practice has been con-
demned by medical authorities and
if continued will result in a tragedy.
Although we do not like to mention
any names, yet in this instance we
feel constrained to do so. The girl
who was the receiver was Mildred
Wight, well known in osculatory cir-
cles, and the perpetrator of the
death-defying deed was Mona But-
ler—you all know him. Were it not
for the extreme youth of the parties
involved, we would have the matter
taken up with the Executive Com-
mittee, where it would be dealt with
vigorously. Let this be a warning
to everybody in Glendale High. Heed
this warning, lest you be compelled
to wear a muzzle or a baseball mask
to check any osculatory tendencies
which you may possess.

Basketball

We have a basketball team to be
proud of. True, they were beaten
by Alhambra, but they were not out-
classed. The Alhambra squad was
exhausted after the game and a score
of 25-22 is not one to be laughed at.
All through the contest the work of
the McIver brothers stood out above
the rest. Capt. Hagin went in with
no practice and played a star game
until his poor condition forced him
to retire. West and Fischel worked
well throughout the contest and, as
Lincoln High would say, we are en-
tirely satisfied with the result.

Next Saturday Glendale meets Cit-
rus Union at Azusa. This will be a
hard game and the boys will have
to show just as much or more than
they did at Alhambra in order to
win. The championship has not been
decided and we are still in the run-
ning. Get out and boost.

Baseball

Contrary to tradition, baseball has
taken an early start. Coach Wight
has given out all the old suits and a
dozen or more candidates work out
each day. Everything points toward
a banner year. With seven veterans
of last year back on the job and any
number of G aspirants out, Coach
Wight should line up a champion-
ship nine. At present, Eckles is act-
ing as coach.

Tennis

At present the racquet wielders
are taking a vacation prior to start-
ing training for their match with
Compton on the 20th of this month.

TO THE FAIREST

I gaze into your lovely eyes,
Which to mine own are seeming
Just like the faultless, azure skies,
And filled with mellow dreaming.
For you the song birds' sweetest lay
Throughout the woods is ringing,
And of your beauty, day by day,
I hear all nature singing.

Within my heart is joy profound,
For of you I am thinking;
And of your voice's music sound
My hungry heart is drinking.

My wish, my hope, my only prayer,
The end of my endeavor,
Is that your face, so sweet and fair,
May smile on me forever.

—DON WIEMAN.

OUR WEAKLY HEALTH HINT

This department is conducted by
Dr. McGillis, Q.T., LL.B., B.S.
To get the hair nice and fluffy try
this: Into a basin of hydrochloric
acid pour two liters of radium, a
few drops of water, a cupful of
starch, and the whites of six ostrich
eggs. If a preventive of dandruff is
desired, add more starch and water.
Wash the dome with this at night
before retiring and rinse in the
morning. This is excellent and is
used by all stage celebrities and my-
self.

LOST

C. T. West, lyricist, dramatist,
polypragmatist, motorist, journalist,
humorist, basketball star, and hu-
man being, met with a painful acci-
dent Saturday. While in a few
innings of fast basketball practice
with Poly's first team, he lost the
nail off his great toe, and a thor-
ough search failed to reveal it.

ATTENTION, SCRUBS!

It may please some of the B9 boys
to know that Clifford Kenworthy is
now the assistant B9 treasurer and
our class treasury is in great need
of money. Don't be tight. The class
dues are only ten cents a month.
The amount is the same for the girls
and they are to pay their dues to
Virginia Brewster.

SCRUB PARTY?

The Scrubs seem to want a class
party, but the treasury is in debt
now and unless some Scrub kindly
furnishes the place and the eats, the
prospect for a class party is not a
very bright one.

SCRUB BASKETBALL

After an exciting game, the Inter-
mediate basketball squad downed
the Frosh five Monday. The scrub
team consisted of Stuart McMillan,
Ham Shively, Albert Kober, Le Roy
Volkhart and Guy Bennett.

THE FACULTY

"Oh Joy, I Sawyer do it," said
Miss Goldthwaite, as she fell in the
Holloway.

EDITORIAL

What is school spirit?
Did you ever stop to think of that?
No doubt you've heard a lot about
school spirit, but did you ever stop
to analyze it?
When your team is winning it is
easy to have school spirit. Just after
the decision has been handed to
Glendale's debaters it is easy to yell
for your Alma Mater—just as easy
as it is to smile when your boss
gives you an unexpected raise.
But!
The game is lost. The score has
piled up in favor of the other team.
There is no hope of winning the
game, perhaps no hope of winning
the pennant.
How about it then?
Has the pep gone? Have you
stopped the friction on your vocal
chords and the tension on your
nerves?
Or are you pulling just as hard as
ever?
That is real test for school spirit.

EXPLOSION RATES TO BE RE-
DUCED NEXT WEEK

NEW POLICY ANNOUNCED

The management of this paper
takes great pleasure in announcing
a reduction in price. As the paper
is run for only one purpose—the in-
terest of the school, we feel that any
advantage we may be able to secure
should be used for the benefit of the
students.

There is only one thing we ask.
The paper must have your support.
So far you have responded elegantly.
So far The Explosion has been a
SUCCESS. Now it is up to you to
continue its success. Provide us
with something to work on, and we
will provide you with a live school
paper.

Now for our proposition? For 25
cents we will put you on the sub-
scription list for three months. Fair
enough?

But the best is yet to come. Not
only are you going to get a new rate.
You are also going to get a new pa-
per, a real paper. It will have four
pages of three columns each. It will
be a separate paper—just a regular
miniature newspaper. And it will
have all the pep and spice of its pre-
decessors. Better subscribe now.

DO YOU KNOW

That the Alumni Association is
going to give a Vodevil January 18?
That the prices are 10-20-30?
That this is awfully cheap for
such a swell show
That you should boost this show?

OH, MONA!

Mr. Howe: Mona, when does Con-
gress meet?
Mona: First Monday in Decem-
ber. But say, what if Monday comes
on Sunday?

Johnny Sharpe's favorite song:
"Out of the Cradle and Into My
Heart."

Margaret B. to Ax West: "I'd
rather be kissed 'neath a misletoe
bough than spoon under any old
tree."
Go to it, Ax.

Our old friend Lucile Negley was
seen once more in G. U. H. S. when
she returned from San Diego, where
she has been enjoying herself for a
few weeks.

Mr. Joy is now touring the city in
a new derby with his Ford.

Aileen Preeman is ill at her home
with a bad case of tonsillitis. We all
hope to see her at school very soon.
Miss Dorothy Cloud, '16, and Miss
Clyde Brooks, '16, who are home
from college for a few weeks, visited
Glendale High last week.
